

# WASAT WAY OILS

**Tesla Wasat Way** oils are specially formulated for the lubrication of slide ways on machine tools. They are formulated with special additives to impart tackiness and adhesiveness.

They overcome stick-slip motion associated with slow moving parts.

**Tesla Wasat Way** Oils can be used on all horizontal and vertical slide ways where a good quality lubricant is required for protection of the slide ways. They have good demulsifying properties and protect slideways against staining and corrosion.
